## ABSTRACT

The study aims to find out educational values and also how those values are reflected by the characters in the movie. The value of educational fosters us into adult individuals, individuals who are able to plan the future and make the right decisions in life. In this life of course having a noble character will look good in the community. The researcher used movie to analyse because when we watch movies, we not only get entertainment but we also get lessons or educational values tucked in the film. This study used theory of Linda and Eyre (1997) and theory of Klarer (1998). This study uses descriptive qualitative method. The result of this study indicated: (1.) Educational values found in Trolls movie (2016) are value of being consist of bravely, peacefulness, responsibility, honest. Values of giving consist of religious, tolerance/respect, social care, kind & friendly. (2.) Those values are reflected by the six characters in the movie. Value of being consists of three characters with six data, values of giving is consisting

of four characters with four data. Those educational values were presented through conversation and action in the movie.

## 1. INTRODUCTION

Education is one of important thing in our live and it be a basic thing that human need in this world. For many human educations be important role to improve their capability and quality themselves. Also with education, people can develop their own abilities. [Langgulong, \(1986: 147\)](#) define that education is the manner and effort to increase human knowledge, skill also experience to continued their live. Humans in an attempt to maintain the continuation of life bequeathed various cultural values from one generation to the next generation. Another function of education is the development of the potentials that exist in individuals in order to use it by itself and so on by the community to face the challenges of the future that will always change. Value is relative worth, utility, or importance, liking or regard for person or thing. The true value and universally accepted is the value that produces a behavior, and it is behaviors that have a positive impact for both the run and for others ([Linda and Eyre,1997](#)).

In this era one of media that we can find in every home is a television, by watching movie, it can give us more imagination in our mind and we have the freedom to control the movement when we think about the character in the book, where in movie it is passive. Movie is a medium of education that can demonstrate to the human, so people with such a device would be easier to accept education. Certainly, with support from their parents, from movie or film that they watch in television, children can get education exist in the movie which they watch. In order to get the deeper understanding about education values in the movie, the writer used one movie as the data source. The writer is interested in analyzing Animation Movie since it has more popular.

Based on the background above, the problems of the study are formulated as follow: (1) What education values found in the Trolls Animation Movie? (2) How are the educational values reflected by the character in the Trolls Animation Movie? The study aimed to find out education values and to analyze how those values reflected by the character in Trolls Animation Movie. The Literature Review used in this thesis is written by [Mitayani \(2010\)](#) entitled An Analysis Educational Value In Finding Nemo, the study conducted about educational values in the movie. It shown in the movie that not only get entertainment but we also get lesson. The result of this study is she found some value that is love and affection, respectful, loyal and trustworthy, bravely, reliability of self, kind and friendly, sensitive and not selfish, honesty, leadership, and sacrifice. Theory meaning by ([Linda and Eyre, 1997](#)) used to see value of being and value of giving.

**2. METHODS**

The data source was taken from movie entitled [Trolls \(2016\)](#). The researcher used movie to analyze. The data was collected based on library research. There was some step in collecting the data such as searching and downloading the Movie from website, Watching the movie until three times or more, then analyzed the dialogues and part of the movie which can be analyzed as the educational value, Writing the dialogues between the characters that are relevant to the research, Analyzing the dialogues and classify them according to its categories based on educational value. The collected data was analyzed by descriptive qualitative method. The analysis started by analyzing educational values based on theory [Linda and Eyre \(1997\)](#) and [Klarer \(1998\)](#). The data was presented by the formal which presented educational values by using a table and the informal method which was describing the meaning of the educational values found in [Trolls Movie \(2016\)](#).

**3. RESULTS AND DISCUSSIONS**

There are some steps in exposing and analyzing the data. First, presented the picture scene of the movie. Second, presented the table of types educational values in movie. The last, analyzing how the educational values reflected by the characters in Trolls Animation Movie was presented.

**The Analysis of Educational Values**

There are two types of educational values found in the Trolls Animation Movie such as Values of Being and Values of Giving. The data were taken from six character. The writer began to collect the data from the scene that performed by Princess Poppy as main character in the movie. Follow by the second character in the movie is Branch. The supporting characters are King Peppy as Princess Poppy’s father, Creek as Princess Poppy friend, King Gristle as the king of Bergens, Bridget as the maid in Bergen Castle.

**Table 1.** Types of Educational values

Types of Educational Values	Character	Values
Values of Being	Princess Poppy	Bravely
		Peacefulness
		Responsibility
		Honest
Values of Giving	Branch	Honest
	King Gristle	Honest
	Creek	Religious
	Bridget	Tolerance/Respect
Values of Giving	King Peppy	Social Care
	Princess Poppy	Kind & Friendly

**Values of Being**

Value of being is a value within human being involved into the behavior and the way we treat others [Linda and Eyre \(1997:122\)](#). Value of being is also including Bravely, Honest, Respectfulness, Hard Work, National Spirit, Responsibility. Value that comes from your own character. One example data from values of being is Bravely:

**Figure 1.** Values of Being

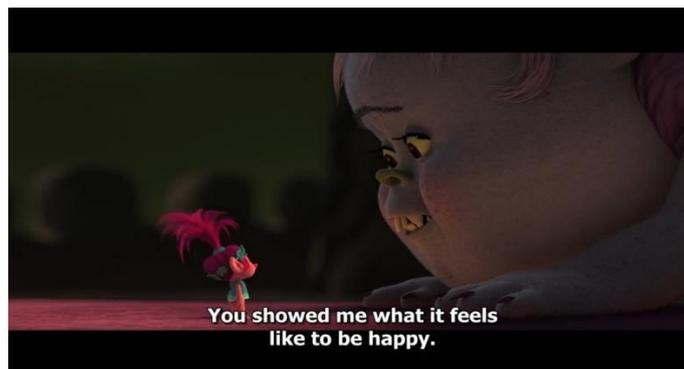

Branch : Poppy??  
 Princess Poppy : Bridget just ruins her life to save us. Is not right!  
**She deserves to be happy as much as we do. They all too.**

In this scene, the trolls managed to save themselves from the Bergens by passing through the underground tunnel of the troll tree, but when it was about to enter, Princess Poppy thought if she ran what would happen to Bridget. Bridget is willing to sacrifice herself to help the trolls escape, Princess Poppy tells Branch that Bridget deserves to be happy and all the Bergens too. Princess Poppy was determined to save Bridget. Princess Poppy action can be categorized as a value of being. It is shown through the sentence uttered by Princess Poppy **“She deserve to be happy as much as we do. They all too”**. She know what she will do and she believe that everyone deserve to be happy no matter whot that person is it.

Princess Poppy action in this scene is bravely which reflected by her action when she still returns to the castel, even though she knows the danger or she might was eaten by the Bergens. The attitude by Princess Poppy contains educational values particularly value of being. The value of bravely give us a lesson that whatever the problem, we must dare to take steps that we think are right, before it's too late and regret later.

**Vales of Giving**

Values of giving is a value that need to be practiced or provided which would then be accepted as gives (Linda and Eyre 1997:213), which include values of giving are Religious, Tolerance/ Respect, Social Care, Kind and Friendly, Rewarding Achievement. The value from own character that is given or shown to others. One example data from values of giving is Tolerance/respect:

**Figure 2. Values of Giving**

Bridget : I can't let them eat you.  
 Princess Poppy : But... No! Bridget, if you go in there without us, you know what they'll do  
 Bridget : I know, It's okay Poppy. **You show me what it feels like to be happy. I never would have known if it wasn't form you. And I love you for that.**  
 Princess Poppy : I love you too, Bridget.  
 Bridget : Go on Now!! You have to hurry!  
 Princess Poppy : Come with us.  
 Bridget : And make it easier for them to find you? No wah! You have to go. Now!  
 Princess Poppy : Bridget!!! (Run and hugging Bridget).

In this scene Bridget helps the trolls to escape by risking herself, he knows to feel happiness not by eating trolls, trolls teach her that happiness lies within each of them may just need someone's help to find it. Bridget is a supporting character in *Trolls* movie. She is the Bergen but being friend with Princess Poppy who is a troll race. The above scene shows us that the values about Tolerance/Respect were reflected by Bridget through her action for respecting living thing. She didn't want the trolls to become food for the Bergens. Bridget understood that it was not necessary to feed the Trolls to feel the happiness. The value of tolerance/respect give us lesson, differences are created so that we try to learn to love each other more.

**4. CONCLUSION**

From the analysis above it can be conclude that there is types of educational value that is that is First, Value of Being is value within human being involved into the behavior also the way we treat others

and this values comes from your own character. Second, Value of Giving is a value that need to be practiced or provided which would then be accepted as gives also from own character that is given or shown to others.
